About Me

Creative Mobile App Developer specializing in **Flutter** with strong **Android native** expertise. Passionate about building seamless, high-performance cross-platform apps. Dedicated to crafting elegant, scalable, and modern mobile solutions.

Professional Certification

2024-08 - Present — **Flutter Development** — Sohojware IT,Barishal
Currently learning and developing cross-platform mobile applications using Flutter and Dart. Worked with RESTful APIs, state management (Provider, GetX), and Firebase integration.

2023-10-02 - Present — **Android Development** — Dhanmondi,Dhaka
I have successfully completed the Industrial Attachment in Android Development from Creative IT Institute.

Experience

2025-01 - Present — **Flutter Developer** — Sohojware IT, Barishal
Over 1.6 + years of hands-on experience in building cross-platform mobile applications using Flutter and Dart. Skilled in RESTful API integration, Firebase authentication, local database (SQLite), and state management using Provider and GetX. Contributed to multiple live projects with responsive Material UI design.

Education

Summer 2023 – present — **Bachelor Of Science** — University Of Golobal Village (UGV),Barishal
Major: Computer Science

2018 – 2022 — **Computer Science (Diploma)** — Infra Polytechnic Institute,Barishal
Department:Computer Science and Engineering (CSE).
GPA:3.72 Out of 4.00.

2012 – 2018 — **SSC** — Sagordi Unioun Secoundry School
Group:Science
GPA:3.33 Out of 5.00.

Projects/Thesis

Ongoing — **Media Player** — Flutter
Cross-platform media player with HD playback, custom gesture controls and playlist management.

Ongoing — **Afrikart — E-Commerce App** — Flutter
Scalable marketplace app with REST API integration, robust state management and live order tracking.

Jan 2026 — **Taxi Meter** — Flutter
Android/iOS taxi fare app using real-time GPS tracking, Location APIs and dynamic fare calculation.

Aug 2025 — **Anglica Fitness** — Flutter
Fitness app featuring custom workout plans, progress analytics and local data persistence.

Jul 2025 — **To-Do App** — Android
Native task manager built with SQLite storage, full CRUD operations and Clean Architecture.

Tapu Roy

Cross-Platform Mobile App Developer

Flutter | Dart | Android

Jun 2025	**Language Translator**	Flutter
	Offline and online translation app powered by Google ML Kit with a clean Material UI.	
Mar 2024	**Costly — Finance Tracker**	Flutter
	Personal finance tracker using BLoC state management, Hive caching and interactive charts.	
Apr 2023	**Weather Forecast**	Android
	Weather app integrating OpenWeather REST APIs, live GPS location and dynamic UI themes.	

Skills

Advanced	**Cross-Platform App Development (Flutter, Dart)** *Android & iOS apps, Provider & GetX, Clean Architecture, Firebase, REST APIs, local storage, responsive Material UI, Play Store deployment*
Intermediate	**Native Android Development (Java, Kotlin)** *MVVM, Firebase, Volley & Retrofit, Room Database*
Intermediate	**Programming** *Data Structures & Algorithms, OOP, problem-solving.* More than 100+ problems solved in different platforms.
Intermediate	**Tools** *Git, GitHub, Postman, Figma to code*
Intermediate	**Graphics Design, Editing** *Adobe Photoshop, DaVinci Resolve.*
Intermediate	**Others** *Database Management (RDBMS, SQL).*

Extra-Curricular Activities

Programming Contest : Intra University Programming Contest.
Programming Contest : University Of Golobal Village (UGV),Barisha.
PUBG: Enjoy playing PUBG and have participated in tournaments.
Badminton: Enjoy attending badminton tournaments.

Personal Information

Full Name : Tapu Roy
Father's Name : Paritosh Roy
Mother's Name : Shikha Roy
Marital Status : Unmarried
Blood Group : A-
Permanent Address: Sagordi, Namoshudra Para, Nabogram Road, Barisal.
